Multi layer universe – the first layer of you is your ability to logically understand as $1+1$ is 2. Simple Logic.

The whole universe belongs to that simple logic – See deeply whole universe is nothing more than a number.

Anything you perceive, grasp,
cognize can be reduced to
numbers – whether great
strategic decisions – all boils
down to number, it is just a
statistic number.

EVERYTHING

Whether it is regarding your body, health, wealth, relationships, strategies, decisions, everything about life can be reduced to numbers – can be expanded to the whole universe, just how whole universe, there is one number logic, number universe, number based identities of you, number centric universe.

Paramashivoham Level 3, Season 1, Day 1
The SPH Nithyananda Paramashivam

Actually if you see all planets, everything can be reduced to numbers, if you see the olden day yantras and mandalas – it will be only 1 number, for Surya 1 number, Chandra 1 number, Buddha 1 number, that number is nothing but multiplication, Sun is the center based on that proportion.

Whole Universe whether it is
DNA strand or it is the whole
Milky Way, everything can
just be reduced to numbers!

So wealth is nothing but if
your brain is able to be
friendly with numbers.

You should know

Ramanujam – great
Mathematician – he mastered
the number universe. Number
universe is Devi Lakshmi.

Your aspect of number is
nothing but your own aspect,
your own ability to breathe
deeply is the aspect of huge
storms, if you can breathe
deeply you can create the
storm in the Universe!
