If your Divya Śarīra develops more and more with the less input from the external world, you will be more alive, joyful, excited, inspired, radiating.

What is Divya Śarīra? You take a clay and put any impression, for example you put your hand. It get impressed, then burn that clay. Your hand is imprinted on it forever. So that clay is Divya Śarīra of your hand. Same way, bring yourself and put the master on you or put yourself on the master so strongly, He gets imprinted in you intensely. Then burn yourself with integrity. Now you just radiate Him, manifest His state, space, powers. You are a Divya Śarīra.
