When certain atoms are vibrating in a certain frequency in some other part of the world another one atom, if both of them are made to vibrate at the same frequency, something called Entanglement happens between these two. So the information passed to this one is automatically passed to that one also. In Entanglement the distance between these two atoms is lost.

It can be as simple as your everyday depression, 'oh every evening was I depressed for last 4 years, so naturally tomorrow evening I am going to be depressed', or 'this is the same struggles I am going through last 5 years, so the next 2 years also this is the way the life is going to be.' Breaking this thought current is what is called Shaktipada.

Those perfect souls upon whom the Lord bestows grace presenting Himself in the body of the Guru reach the worlds of Rudra(who control the five groups, each group consisting of eight worlds), Mantras, Mantresvaras, isvara tattva, sadasiva tattva and so forth according to their state and nature of 'saktipata' (descent of the grace-bestowing Sakti).

When one completely realises this supreme path quickly from the mouth of the Guru, then only, as a result of this extremely intense Śaktipāta, can one attain to Śiva alone, without any obstacles.

Vijñānabhairava Tantra by Śrī Abhinavagupta

Shaktipada, the first thing it does in you - increasing the viscosity of Bliss, increasing the depth and presence and intensity of the Bliss in you, so that automatically breaks the Pitta layer, Delusion layer.

Shaktipada should be happening constantly in your system by the sweet Leela Dhyana, a sweet remembrance.

If the Leela Dhyana continuously happening in you, means Shaktipada has become eternal in you.

Shaktinipada means - start living the instructions and initiations without waiting for your logic to get convinced, is Shaktinipada. The joy you experience, when you live, just because He said, that's it. That joy is called Shaktinipada.
