Listening Assessment

1. Why the author emphasizes on the need to be empowered with Hindu cosmology?
2. What are the five functions of the cosmos?
3. What do you understand by oneness? How does this science draw a parallel to theory of everything?
4. Please list 5 scientific ways the 11 dimensions of the Universe revealed and explained in Hinduism can be substantiated and recorded.
5. What do you understand by length, breadth and depth?

Intranalyzation Assessment: Knowledge transforms you!

Spend little time with yourself. Sit and pen down *Only a person who understands the 11 dimensions of the Universe can be really non-violent.*

- How does knowledge of the 11 dimensions support an individual to perceive aspects of reality that they would have missed by viewing and observing from the 3

planes? For example, in the 3-dimensional plane the fault with an aircraft engine maybe due to bird flying into the fan- but when viewed from the 11 dimensions only we can observe cause of the fault was incorrect flight path angle. In other words, observations of the 3 dimensions – give us the symptom, but only the 11 dimensions will show the cause – a permanent solution.

- Extend this understanding to 10 diagnostic and observational aspects.

Expressing Assessment: The 25 States of Consciousness

Now you understand that states of consciousness decide your actions and reactions and situations.

Through this assessment – go over the parallel in modern science called logic of consciousness and pen down how 25 states of consciousness may bring closure to this field of consciousness and its unanswered questions that scientists are seeking for;
